Mail: Mistreatment of You

Sibling Mail: Mistreatment of You Module

OVERVIEW

The Mistreatment of You Module is new to the 2011 mail survey. It focuses on the participant's perceptions of being treated inappropriately by others and specifically addresses the following behaviors: (1) the exertion of excessive control over the participant's daily decisions and life; (2) insults and put downs; (3) seizure or withholding of the participant's money or belongings; (4) physical abuse or intimidation; and (5) intentional blocking of the participant's access to necessities such as food, money, or personal care. Based on the series of questions asked about these behaviors, three summary variables have been constructed for each:

PMT__YRE: Has the participant experienced this in the past 12 months?

PMT__HRE: How many people have done this to the participant in the past 12 months?

PMT__MRE: Who has done this to the participant most often in the past 12 months?

In addition to these behaviors, the Mistreatment of You Module also asks the participant about their experiences of being "scammed" or taken advantage of. Three types of exploitation are addressed: (1) selling goods to the participant at unfair or exploitative prices; (2) buying goods from the participant at unfair or exploitative prices; and (3) soliciting monetary donations from the participant under false charitable premises. Three summary variables have been constructed for each type of scam:

PMT__YRE: Has the participant experienced this in the past 12 months?

PMT__WRE: What did the participant sell/purchase OR what kind or organization was asking for a donation?

PMT__PRE: How much payment did the participant receive or make?
