

“Problem Set” 2
Econometrics 742
Chris Taber
Due: Wed. Feb. 8

What we would like is a short description of what you are thinking about for your end of the year presentation. If you already have a paper and want to present that, you can turn that in. If your work is more preliminary we are just interested in what you are currently thinking about. We are looking for roughly 2/3 of a page. (And if you are going to work with someone else, that is fine too, you can turn in a joint document.)
