Economics of Aging ECNAGING

The Economics of Aging Interest Group sponsors a LISTSERV electronic forum and mailing list called ECNAGING, based at Syracuse University. This is a quick, inexpensive way to convey to a growing audience, notices of job openings, upcoming workshops, data availability, solicitations for papers, or research inquiries on the economics of aging. Among other things, the EOA newsletter is distributed electronically on this list. You do not have to be a member of EoA to subscribe.

To subscribe to ECNAGING

Send email to: **listserv@listserv.syr.edu**

Leave subject line blank

In the body of the message type: **sub ecnaging your name**
Example: **sub ecnaging Thomas Malthus**

You will receive a message asking you to confirm your subscription, to which you must respond. This reduces "spamming," unwelcome commercial solicitations.

**Association for the Study of Demography of Aging
ASDA-L**

The Association for the Study of Demography of Aging is an independent group of researchers interested in all aspects of population aging. Research interests of our membership are extremely diverse, and include social and behavioral research, mathematical models, epidemiology and public health, and survey methodology. They sponsor a discussion list for researchers interested in the subject of the demography of aging
