

## *Development Studies Lists*

This Forum was established by the Australian National University to provide a world-wide communications vehicle and a central electronic archive for anyone working on, or interested in the study of social and economic development, with a particular focus on Third World countries.

## **HNPFLASH**

HNPFLASH is a monthly electronic newsletter on recent trends and developments in the fields of education, health, nutrition, population, and reproductive health. The newsletter serves as a bulletin to announce breakthrough technology, new publications, project updates, conference and training information, job vacancies, grant opportunities, and information on other related electronic resources available on the Internet. The archive provides subscribers with email access to over 400 documents in English, French and Spanish.
