20	PhD, MD, other doctorates not previously included, or one or more years post-professional degree	131	13	144

Note: For code "17" we consider master's degrees in these fields to be one-year programs. Most people in this sample who received them had completed five years of college.

For 475 people who did not respond in 1975, the years of additional education are calculated using their entire educational history, from 1957 to 1993.

Machine-readable versions of the codebook prior to 3/97 omitted the definition of code "20".

Variable description corrected in 3/97 version..

See Appendix B - COR701 for Special problems in the cleaning of graduate's education data in 1975.
