John Kennan September 2019

If in doubt about what to read, read less, more carefully. But it is good to browse through many papers quickly early in the semester, to get an initial impression of where things fit in, and to get ideas for research papers.

1 Labor Supply

Imai and Keane (2004)

Pencavel (1986)

Blundell and Macurdy (1999)

Blundell, Pistaferri, and Saporta-Eksten (2016)
